### TENT / CANOPY INFORMATION:

- All tents subject to site check & price change.
- Prices may be subject to a reduction with package bid.
- We deliver and set-up all tents / canopies (delivery fees apply and depend on the delivery location)
- Tents must be anchored to the earth with iron stakes from 21" to 44" deep in dirt and asphalt applications
- We will repair the asphalt with plugs @ \$2.25 per plug; in concrete, anchors will be installed and the concrete surface patched @ \$4.65 per anchor location.
- Frame tents may be secure with water barrels and may not require stakes. Water must be available on site, within 200 feet, at your cost. Water barrels as tie-down ballast is subject to prevailing weather and site layout.
- The renter is responsible for obtaining and paying for all permits and taxes. (Local Fire Marshall)**
- Cooking or open flames are NOT ALLOWED under or near any of our tents
- You must locate all imbedded items and overhead obstructions and have them clearly marked. Overhead obstructions must not touch our tents.
- To install any tent we must have an area four feet (4') longer and wider than the measurements listed.
- We cannot install any tent over structures, trees or shrubs. Once installed the canopy cannot be moved until take-down.**
- During installation and take down the area under the unit must be clear.
- WE ARE NOT RESPONSIBLE FOR ANY DAMAGE TO TREES, GRASS, ASPHALT, CONCRETE, SHRUBS OR IMBEDDED ITEMS.**

**NOTE: LATE TENT ORDERS, RECALLING CREW, OR AFTER-HOURS INSTALLATION AND/OR TAKE DOWN WILL INCREASE YOUR TENT/CANOPY COST.**
